

Presentation of Images

Please read the competition rules for exact regulations. The following is only a quick reference guide.

Slides

Slides mounts should be 2" x 2" spotted at the bottom left hand corner when viewed right way up.

For competitions ensure that the image title, category and competition number are clearly marked on the mount.

Digital Projected Images

All images must be presented as jpeg files size not greater than 1Mb. Colour space must be sRGB and maximum pixel dimensions are 1400 pixels wide x 1050 pixels high. If you present an image that does not fill the frame then fill the gap with black or grey shading.

For competitions the file name should include title, category and competition number e.g.

Robin_on_a_Bush_Nature_CN80

Prints

Prints must be mounted with maximum mount size 40cm x 50cm. Prints should be flush backed i.e. the backing of the print should be the same size as the overall mount if a window mount is used.

Snapshots

Prints should be no larger than 7" x 5"

For any print competitions mark the back of the print with Title, Category and Competition Number. This will show on the mount for larger photos and may be on a label on snapshots.
